The authors regret for their typographical error in the Materials and methods section. The equation in “2.2 Cell growth analysis”,

$$R_n = [\log_2(N_{n+1} - N_n)] / (D_{n+1} - D_n)$$

should read

$$R_n = [\log_2(N_{n+1} / N_n)] / (D_{n+1} - D_n).$$
